### LEGAL ADVISOR

SECOND-LIEUTENANT MALLE PIIRSOO

One aim of the European Union Military Assistance Mission Mozambique (EUMAM MOZ) is to provide military assistance to the Mozambican Armed Forces (FADM) to be in compliance with the international human rights (IHR) and international humanitarian law (IHL) in strategic and operational level, including respecting the rule of law.

This task needs wide range of experts and Legal Advisor (LEGAD) is one of them. LEGAD is part of the specialised staff of the Command Support Group and is a full-time role that requires adequate training, education and experience. In general, LEGAD provides support to ensure that integration of IHR and IHL is done both on external and internal levels, and on internal level also European Union law is respected.

## Our Staff

We participated in a shooting session focused on practicing tactical techniques and procedures.

Such training sessions are vital for the continuous development of both individual and collective capabilities within the teams involved.
