

EU-AU PARTNERSHIP FOR MIGRATION AND MOBILITY

At the 6th European Union - African Union Summit, leaders agreed on an **enhanced and reciprocal partnership for migration and mobility** as part of a Joint Vision for 2030. Leaders confirmed to continue addressing all aspects of migration and mobility in an integrated, comprehensive and balanced manner and in line with national competences.

HOW WE WORK TOGETHER

**ENHANCING MIGRATION
DIALOGUES BETWEEN THE
TWO CONTINENTS**

The Rabat Process, the Khartoum Process, and the Continent-to-Continent Migration and Mobility Dialogue.

**REVITALISING THE AU-EU-UN
TRIPARTITE TASKFORCE ON
STRANDED MIGRANTS AND
REFUGEES IN LIBYA**

Under AU leadership and with stronger political engagement, bolster the migration dialogue with Libyan authorities, to enhance the use of humanitarian corridors from Libya to the EU, and step up voluntary humanitarian returns from Libya to countries of origin or safe destinations.

**MAKING THE JOINT
VISION A REALITY**

Implementing joint actions from addressing the root causes for irregular migration and forced displacement to promoting legal migration pathways, from protection, cooperating against smuggling and trafficking in human beings to return, readmission and sustainable reintegration.
